

include/ext/trapezoid
_integral.h

```
graph TD; A[include/ext/trapezoid_integral.h] --> B[type_traits]; A --> C[cstdint]; A --> D[limits];
```

A diagram showing a header file at the top with three arrows pointing down to three other header files. The top header file is 'include/ext/trapezoid_integral.h'. The three files it points to are 'type_traits', 'cstdint', and 'limits'.

type_traits

cstdint

limits
