

include/emsr/gauss  
\_quadrature.tcc

```
graph TD; A[include/emsr/gauss_quadrature.tcc] --> B[type_traits]; A --> C[cmath];
```

A diagram showing a header file 'include/emsr/gauss\_quadrature.tcc' at the top, which includes two other files, 'type\_traits' and 'cmath', indicated by arrows pointing downwards from the header file to each of the two included files.
