

```
std::iterator< std  
::input_iterator_tag,  
std::complex< Tp >,  
std::ptrdiff_t, const  
std::complex< Tp > *,  
const std::complex< Tp > & >
```

emsr::phase_iterator
< Tp >

A blue arrow points from the 'emsr::phase_iterator' box on the right to the 'std::iterator' box on the left, indicating that 'emsr::phase_iterator' inherits from or specializes 'std::iterator'.
